## HARDWARE ARRIVES CONFIGURED & PREPPED FOR INSTALL

Your hardware package is pre-built, pre-configured & tested prior to shipping! Rest easy knowing that HDOnTap has done the legwork and your equipment is prepped for an easy self-installation. HDOnTap representatives are available for remote installation assistance during the setup process ensuring a successful installation.

RELY ON OUR SUPPORT AND EXPERTISE

HDOnTap Support is just a click or call away during your installation and beyond. In addition to live support, our online knowledge base is available whenever you are. Ensure you are capitalizing on your investment with our post-integration live stream review and get helpful marketing tips to realize the full potential of your live cam.

MARKETING TOOLS THAT INCREASE YOUR VISIBILITY

Stream your live cam with HDOnTap and enjoy additional savings on your purchase! In addition to standard streaming features such as watermark overlay and video ad inserts, HDOnTap's proprietary streaming service includes real-time snapshots, anti-stream hijacking security, automated time-lapse creation and much more!

ENGAGE YOUR AUDIENCE WITH CRYSTAL-CLEAR HD LIVE STREAMS

Damp & salty air environments lead to image-obscuring grime and salt build-up - combat the effects of nature with the HDOnTap Coastal Clean Lens Package! Our X|Clear enclosure features **patented self-cleaning technology** allowing for up to 96 lens washings in between fluid bottle fillings. The polycarbonate housing protects the camera from moist and corrosive salt air while allowing the user to **remotely monitor and control the enclosure** via a web interface.

This package arrives pre-built, configured and tested - the perfect solution for live webcam streaming and time-lapse video services!
